The Universal Church celebrates with joy, the resurrection of Jesus Christ, the greatest feast of faith. The resurrection of Jesus is the basis of our faith. Easter means the resurrection of Jesus from the dead! It means the promise of life after death! It means hope of a better life. It means immense joy and peace in our lives.

The words, “He is not here, but He is risen”, changed the course of history! And they continue to do so. Let us take a look at why the resurrection is so important to us. The resurrection of Jesus is totally awesome even though many people of the world don’t know this and many doubt it.

Paul says in his letter to the first Corinthians, chapter 15 that we are sown perishable. But because of the resurrection we are raised imperishable. We are born into this life as perishable beings but because of the resurrection we have eternal life. From the moment you receive Jesus Christ into your life, you have victory over death. Your physical body might fail you, but your soul will never die. You will be raised, forever to live with Jesus in heaven.

You become imperishable. In the resurrection account the angel said to the women at the empty tomb, “Why do you seek the living among the dead?” They did not understand, but they soon would. When they realized what he meant they no longer spent their lives fascinated with death. They spent the rest of their lives fascinated with life. In Christ, the greatest and the lowliest have the assurance that death is no longer victor because of the resurrection of Christ.

The Bible says, “All power is given unto them who believe. Though we were dead, yet shall we live.” Do we know what that means? It means that because of the resurrection of Jesus we have power over sin. Power over temptation. Power over lust of the flesh. Power over drugs and alcohol. Power over broken relationships. Power over financial bondage. Power over every circumstance in life. All power is given to us through the resurrection of Jesus. Since the power of God was able to raise Jesus from the dead, how much more can that same power enable us to live extraordinary lives?

The church is the community that God has set at the center of the world to keep the world centered. John begins his letter to the church by helping them find that “center” in none other than the Resurrected Christ! As we celebrate Easter, we are called to live a Christ-centered life. Our union with the Risen Christ, will enable us to walk with each other and accompany one another. Let Christ rise in us, so that his joy and peace may flow from within, it would never end.

To be a centered church, we must be defined by that central truth. The ailments of humankind spawn from its rejection of the resurrected Christ. The solutions to war, poverty, suffering and injustice would be on the road to recovery if all inhabitants of the earth could declare with the church that: CHRIST HAS RISEN! HE HAS RISEN INDEED!!!!

May the Risen Christ shower upon us all his gifts of love, hope, peace and joy so that we can bring His love, hope, joy and peace to the people we meet in our daily lives.

Wishing you all a Happy Easter and may the joy and peace of Easter remain in your hearts!
Chattogram Archdiocese celebrated the 5th Centennial Jubilee of the Arrival of Christian faith

It was 1518 when the first Portuguese trading ship docked at the banks of Karnafuli river and so arrived the Christians in Eastern Bengal. The faith brought by the Portuguese traders wouldn't make it this far, if the early missionaries and the faithful didn't defend and proclaim their faith, although there was severe repression and threats in those times. The first missionary in Bengal Fr. Francisco Fernandez, S.J. came to Chittagong in 1598 when there were around 2500 Christians living in this area. Fr. Francisco built a church in Chittagong and named it, ‘Church of St. John the Baptist’. Fr. Francisco Fernandez became the first Christian Martyr of Bengal as he was tortured and killed in 1602 by the Arakanese soldiers. Many more faithful had to sacrifice their lives in order to defend their faith.

To mark this glorious and inspirational history of the Archdiocese, Archbishop Moses M. Costa, CSC, announced the year 2018, a ‘Year of Mission’ which was inaugurated on 10 December 2017 and ended with a grand pilgrimage at Miriam Ashram Diang on 7 - 8 February 2019. Although every year people come to attend the Marian pilgrimage at Diang, this year the pilgrimage was special, when looked at from different aspects. The preparation for the jubilee celebration started at the parish level, and throughout the year, all the parishes arranged different programs of catechesis, liturgical services, and training programmes. The grand and solemn celebration at Diang was the climax of all the preparations. The celebration on the 7th February included a pilgrimage to the holy graveyard of the 600 martyrs at Diang, the inauguration of a garden for the Christian rosary prayer, Eucharistic adoration and a candlelit procession of three hours long whilst praying the holy rosary.

On 8th February, the Archbishop of Chattogram, Most Rev. Moses M. Costa, CSC presided over the Eucharistic celebration, which was concelebrated by the Apostolic Nuncio to Bangladesh, His Excellency, Archbishop George Kocherry; Bishop of Agartala, India Lumen Monteiro, CSC; Bishop of Rajshahi, Gervas Rozario; Bishop of Sylhet, Bejoy N. D'Cruze, OMI; Bishop of Khulna James Romen Boiragi; Bishop of Mymensingh Ponen Paul Kubi, CSC; Bishop of Dinajpur Sebastian Tudu; Bishop of Barishal, Lawrence S. Howlader, CSC; Bishop Auxiliary of Dhaka, Shorot Francis Gomes and Bishop Auxiliary Emeritus of Dhaka, Theotonius Gomes, CSC. There were about 7000 Catholics, 78 Catholic Priests, and numerous religious men and women, participated in the Eucharistic Celebration on the 8th February and other programs on the 7th February.

On the evening of 8th February, an inter-religious civil gathering took place where different religious leaders and many intellectuals were present. A short cultural presentation on
Chittagong archdiocese was presented after a short speech from the Archbishop Moses Costa, CSC and Apostolic Nuncio.

EC- Health Care: World Day of the Sick in Kolkata- 2019
The 27th World Day of the Sick of the Catholic Church was celebrated on 11 Feb 2019 in Kolkata, India. The World Day of the Sick was instituted by St. John Paul II on 13 May 1992, designating its celebration to the feast of Our Lady of Lourdes, February 11 each year. The purpose is to draw attention to the sick and their caregivers and the redemptive nature of human suffering. The 1st World Day of the Sick was marked in 1993 at the shrine of Our Lady of Lourdes in southern France, one of the world’s most famous Marian shrines. Since then, the day has been observed each year all over the world with a special celebration in a particular place. The Holy Father issues a message each year on a particular theme.
Pope Francis on Dec. 11 appointed Bangladeshi Cardinal Patrick D’Rozario CSC as his envoy to the 2019 World Day of the Sick in Kolkata, which has as its theme, “You received without payment; give without payment” (Mt 10:8). Card. D’Rozario expressed his gratitude to Pope Francis for selecting him for the special Church event in Kolkata, a 3-day event which had culminated on Feb. 11. The 3 days programs included reflections, discussions, visiting the homes for the sick treating, anointing of the sick. It was concluded with a solemn Holy Mass with the anointing of the sick at Bandel Church, the popular Marian shrine dedicated to the Our Lady of the Holy Rosary. This is the second time that the international celebration of the World Day of the Sick took place in India. The first was in Velankanni, in the southern state of Tamil Nadu, in 2003. A solemn Mass with the anointing rite was celebrated by Card. Turkson at the St. Joseph’ College, on the 10th and the concluding Mass has been presided over by Cardinal Patrick D’Rozario, csc on February 11th at the Bandel Basilica.

Archbishop Moses costa shared that 14 persons participated in the World Day of the Sick 2019, held in Kolkata. His Eminence, Cardinal Patrick D’ Rozario, CSC was the Papal envoy. The program was good and the sharing and presentations were very meaningful, which opened the eyes of the participants to have a wider vision of the health care ministry. Jesus’ healing ministry was significant, and 33 percent of His ministry was about healing. Service to the sick is integral part of the ministry of the Church. The EC- Health Care will take into consideration these reflections and learning, and try to concretize them in the local situation. They will study and do something locally, to prepare the Charter for Health Care Workers. Health Care service is not something commercial and profit making only, but we need more volunteers for health care sector.

**Asia-Pacific Justice and Peace Workers meeting**

To raise justice and peace awareness in Asia, a two days long meeting was organized at Cox’s Bazar from 17 to 18 February 2019. 21 peace and justice workers from 9 countries around Asia joined in the meeting. Mr. James Tan of the Asian Centre for the Progress of Peoples in Hong Kong coordinated the meeting. During the meeting, they talked about their ongoing activities and challenges. At the end of the meeting, they committed themselves to expand the reach of social justice concerns to the Church formation structure levels through FABC.

**Message of Solidarity**

We, representatives of the Catholic Church from 11 countries in Asia, have gathered in Cox’s Bazar, Bangladesh, from 11 to 17 February 2019 to reflect on “Migrants, Refugees, the Displaced and Human Trafficking and Renewable Energy Options in the Asian Context,” organized by the Office of Human Development (OHD) of the Federation of Asian Bishops’ Conferences (FABC) in collaboration with the Episcopal Commission for Justice and Peace of the Catholic Bishops Conference of Bangladesh (CBCB) and the Asia-Pacific Justice and Peace Workers Network (APJPWN). We gratefully acknowledge the cooperation of the government of Bangladesh for allowing us to hold this seminar at Cox’s Bazar.

During the seminar, we had the opportunity to visit the displaced Rohingya hosted in Kutupalong, Ukhia, Cox’s Bazar, Bangladesh. In spiritual unity with Pope Francis, who on 1 December 2017 met 16 representatives of the Rohingya community, we, too, were deeply moved by their stories and recalled what he said: “Let us not close our hearts, or look the other way. The presence of God, today, is also called Rohingya.”

From this visit, we recognized the welcoming attitude of the people and the government of Bangladesh who opened their doors and hearts to the Rohingyas. We appreciate their cooperation with many people of good will in responding to the immediate needs of the displaced Rohingyas. We also commend the generous and professional assistance being provided to the displaced Rohingyas by the Catholic Church in Bangladesh through Caritas with the support of the global Caritas family, together with other faith-based organizations, UN agencies and NGOs.

We realise the constraints and hindrances of the temporary accommodation provided to the displaced Rohingyas, as well as the challenges posed to the authorities in responding promptly and effectively to the humanitarian needs, given the massive scale of the influx of people. We are particularly concerned about the vulnerability of many women and children and understand the numerous difficulties of the host communities.

We share the vision of the international community on the *Global Compact for Safe, Orderly and Regular Migration*: “Migration has been part of the human experience throughout history, and we recognize that it is a source of prosperity, innovation and sustainable development in our
globalized world, and that these positive impacts can be optimized by improving migration governance” (No. 8). We reiterate the need for closer coordination and effective response to the challenges posed by contemporary migration and are reminded by the 4 verbs that Pope Francis encourages us with: to welcome, to protect, to promote and to integrate as “the efforts of all actors, among which, you may be assured will always be the Church.” (Pope Francis, Address to Participants in the International Forum on Migration and Peace, 21 February 2017).

Therefore, we encourage the leaders of the world community to extend their solidarity to look for a solution that is acceptable and adaptable to countries concerned which leads towards integral human development for all.

In solidarity,

Bishop Allwyn D'Silva
Executive Secretary
Office of Human Development and Climate Change Desk
Federation of Asian Bishops’ Conferences
